School Wide Positive Behaviour Support at Endeavour Hills Specialist School

What is SWPBS?

School Wide Positive Behaviour Support is a framework that brings together school communities to develop positive, safe, supportive learning cultures. SWPBS assists schools to improve social, emotional, behavioural and academic outcomes for children and young people.

Whole School Acknowledgement System

At EHSS we recognise students for displaying school values by providing Green Chronicles. Green chronicles are given by all staff with an acknowledgement being then emailed to parents, in order to further celebrate students achievements at home.
